Headquartered in Donalda, Alberta, Canada, and with two manufacturing plants in Asia, our company is able to deliver high-quality portable buildings at excellent prices to all destinations in Canada and worldwide.*

### Introduction;

#### WWTS Modular Houses for the World!

Ladies and Gentlemen,

First of all, Thank you for spending time considering us a possible future vendor.

We, at WWTS, are introducing a new line of portable WWTS Modular Houses to our clients World Wide.

These units bring endless possibilities whether you are looking for housing or office space, all at very low costs.

The WWTS Modular Houses are fabricated in such a way that they easily can be shipped as kits and erected on-site easily with just a few semi-skilled workers.

Our Modular houses are manufactured and assembled under strict quality controls in China and Canada.

We invite you to peruse the following pages, which also outline and detail some of the design possibilities that can be achieved by utilizing the WWTS Modular Houses.

In addition, please feel free to contact us for any additional information you may require, plus, visit our website for more information on us and the products and services we offer.

We look forward to hearing from you.

Sincerely,

Mr. Sven H. Jensen  
President.

## WWTS - World Wide Trade Services Inc.

*World Wide Trade Services Inc., is a leading manufacturer of new, multi-purpose portable buildings. Headquartered in Donalda, Alberta, Canada, and with two manufacturing plants in Asia, our company is able to deliver high-quality portable buildings at excellent prices to all destinations in Canada and worldwide.*

### Modular (CKD) Packaging, Shipping and Assembly 2009

Our WWTS Modular Housing units can be shipped fully assembled or as **CKD** (complete knock down kits) to all destinations World Wide.

The CKD concept is directly developed for compliance with mass market logistical needs. All CKD modular housing kits are packaged in stackable kits and shipped in containers or as bundles. One 40' ft. container will hold up to 11 CKD modular kits.

The CKD concept requires that the final assembly must be carried out by either the importer, or alternatively at the final destination with the dealer or consumer. The final assembly of each kit can be done by one person, in approximately 2 days. This can be done faster if somebody does it frequently. No special tools are required for the assembly; everything can be assembled using normal hand tools and a chain hoist. Please see the picture below, illustrating how the CKD kits are packaged and shipped.

You can also visit our website and view the CKD packaging and shipping.

**Call, fax, or email for a free WWTS modular quotation today.**

## WWTS - World Wide Trade Services Inc.

*World Wide Trade Services Inc., is a leading manufacturer of new, multi-purpose portable buildings. Headquartered in Donalda, Alberta, Canada, and with two manufacturing plants in Asia, our company is able to deliver high-quality portable buildings at excellent prices to all destinations in Canada and worldwide.*

The **WWTS** Modular Housing Kits can be quickly transported via cargo container ships, cargo planes, helicopters, trucks, or rail.

### **Freight**

We ship your merchandise by truck, rail, air and ocean - Always the best, fastest and cheapest way.

Ocean freight is based on containers however larger heavy-duty equipment is shipped by open ocean freight.

We use direct freight forwarders only to cut the costs for you. (No brokers) and we do not charge any fees on freight prices.

Proper packaging and loading of your merchandise is a guarantee. Insurance is an option (Highly recommended) and we forward quotes for this along with freight quotes.

Copies of shippers export documents and bill of lading along with final overview of your purchase and shipping will be forwarded right after the goods have been handed over to the freight forwarding company.

### **Customs**

Once the product arrives by your Country's Port of Entry, it is held by customs, and it would be your responsibility to get the product cleared, taxes paid and arrange delivery to your company unless otherwise specified.

Additional costs would be added for "Brokerage Service" if you want us and the freight forwarding company to arrange for delivery at your company address.

Due to the nature of the import rules and regulations for each country we recommend that you seek approval for all goods before you order it.

Once merchandise has been forwarded to the freight forwarding company they are no longer our responsibility.
